TECHNOLOGIES

Proficiency in JavaScript: Node.js, React, React-Native, Redux, Express, SQL, Chrome Extensions, Git, HTML/CSS.
Working knowledge of: Jasmine, Mocha, Chai, Enzyme, Sass, TypeScript.

PROJECTS

FoodPrint - <https://github.com/zohaibr/foodprint>

- Smart food journal that uses image recognition to automatically provide nutritional information.
- The app is built with React-Native and uses the Clarifai API for image recognition & nutritionix API for nutrition info and saves pictures on S3.
- Responsible for integrating the nutritionix API, developed UI & design.

FullStackAutoLogin - <https://github.com/zohaibr/FullStackAutoAttendanceLogin>

- Chrome Extension that automatically logs student into FullStack student portal if the student is within 100 meters of FullStack's campus and hasn't logged in the last 8 hours.
- The extension utilizes Chrome API & Google Maps location API.

WORK EXPERIENCE

Windsor Data, San Francisco, CA

2013 – Sep 2016

Product Manager – Executive Compensation Benchmark Data and Analytics

- Led product planning, ideation and execution throughout the product lifecycle for a financial research application.
- Introduced a customer feedback loop to increase engagement by almost 150%, resulting in 2x revenue increase.
- Developed a dashboard to analyze key product metrics & provide strategic direction to the management team.
- Increased operational efficiencies by introducing Q&A & agile processes which led to savings of \$10K to 15K per year. Collaborated with stakeholders (engineers, research analysts & sales) to draft and maintain project plans.

Rent.io (Ycombinator Summer 2012), San Francisco, CA

2012

Co-founder & Chief Operating Officer – Rental Apartment Market Analytics

- Led product strategy for a rental apartment market analytics platform. Developed product roadmaps and product backlogs by conducting user research.
- Built a user base from zero to almost 20K units, resulting in a hockey stick growth chart within 4 months.
- Supported CEO in developing the business model, pitching the business to investors and successfully closing a million-dollar seed round.

LinkedIn (Acquired IndexTank in October 2011), Mountain View, CA

2011 – 2012

Product & Partner Manager (Search)

Senior Product & Partner Manager (IndexTank)

- Developed and launched marketing strategy to promote the product. Implemented analytics to improve the sign-up funnel from the landing page by 45%.
- Led the open sourcing process of the IndexTank platform in collaboration with the engineering & legal teams.
